

Rotational Grazing Project Planning Worksheet

Field location Provide the GPS coordinate, PID, KMZ file, field maps from an NMP or street address

Current practices What are your current grazing practices?

Improved rotational grazing practices How you will be implementing the new improved rotational grazing practices?

Stocking density

Estimate the target stocking density (number of animals per paddock area)?

Timing of grazing and forage recovery

How long are animals in a paddock, and what is the target forage recovery time?

Pasture composition and improvement

What are your plans for improvements in pasture composition, and rationale for species selection?
